THE TEST THAT TELLS

Is the Test Of Time. Many Norway
People Have Made This Test

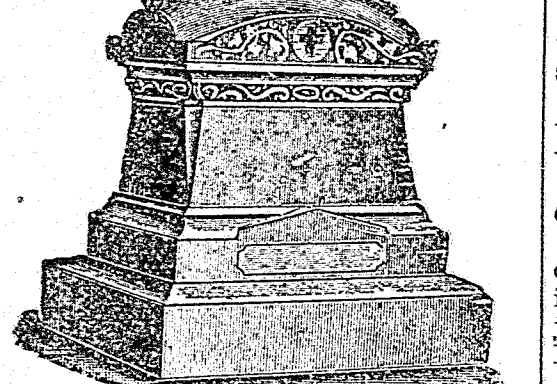

Years ago this Norway citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Norway reader demand more convincing proof? It's Norway testimony—it may be investigated.

C. E. Bradford, prop. of laundry, Main St., says: "For some time I had a dull pain through the small of my back, together with a tired feeling. I couldn't rest well either, when a friend advised me to take Doan's Kidney Pills, I got a supply at F. P. Stone's Drug Store. After I used two boxes, the pains and other symptoms disappeared and there was great improvement in every way. I have had no kidney trouble since."

Four years later Mr. Bradford added: "I still have confidence in Doan's Kidney Pills as it hasn't been necessary for me to use a kidney medicine since I took them."

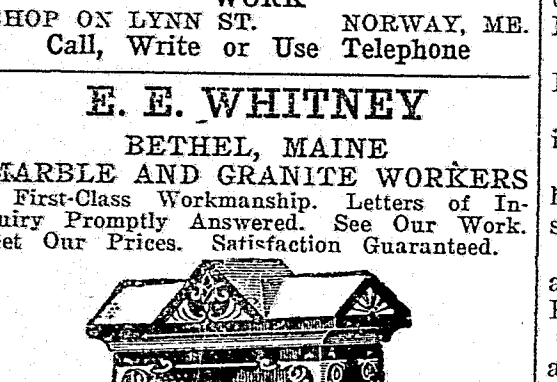

Kidney Pills—the same that Mr. Bradford had, Foster-Milburn Co. Mfrs., Buffalo, N. Y. 45-46.

CATARH DOES HARM

Whether It Is of the Nose, Throat, or Other Organs, Get Rid of It.

Catarrh of the nose or throat when it becomes chronic weakens the delicate lung tissues, deranges the digestive organs, and may lead to consumption. It impairs the taste, smell and hearing, and affects the voice. It is a constitutional disease and requires a constitutional remedy.

Take Hood's Sarsaparilla, which by purifying the blood, removes the cause of the disease and gives permanent relief. This alternative and tonic medicine has proved entirely satisfactory to thousands of families in three generations.

If there is biliousness or constipation, take Hood's Pills—they are a thorough cathartic, a gentle laxative.

(Continued from page 1)William Wallace Maxim
William Wallace Maxim died at his home, Friday, Feb. 13, after an illness of several weeks resulting from a shock of paralysis which he suffered several weeks ago.

He was the son of the late Captain Benjamin and Susan (Harlow) Maxim and was born at Gardiner, Sept. 19, 1844. His age was 75 years. He was one of 10 children.

Mr. Maxim was termed the "Hermit of Mt. Mead," and among the hills of Oxford County, a red house nestled beneath the orchard trees, some distance from the highway, has been his home, which he built himself some 18 or 20 years ago. It is a small house, clean and comfortable. He had been a picturesque figure, with long, white beard and flowing white hair. He attended the town schools, also Hebron Academy, when Hebron was in its young days. It is said Mr. Maxim had a dear friend by the name of C. H. Colby, who lived on a neighboring farm and for thirty years they were like brothers. He numbered among the names of his kindred, Sir Einar Maxim of worldwide fame.

He married Henrietta Cummings of Woodstock, to whom one son, Howard F., was born Oct. 23, 1868. There's no more pain after a few drops of "Gets-It" lands upon corn or callus and instantly dries.

In a day or two you lift the old misery-maker right off without even feeling it. That's the last of Mr. Corn and the last of your misery. Millions who have lost their corns the "Gets-It" way say it is the only common-sense way to get rid of the pests.

"Gets-It," the never-failing, guaranteed money-back corn remover costs but a trifle at any drug store.

Sold in Norway and recommended as the world's best corn remedy by F. P. Stone.

"Think, Mr. Laundryman, of the competition you are thus compelled to meet. Father bought mother one of those remarkable machines for Christmas, paying \$5 down and so much a month for the rest of his life. Sometime in the middle of the forenoon mother presses the button, slips down into an easy chair and reads a 'yellow back' for an hour. Through some magic force the little machine has picked up the clothes, got out the boiler and heated the water on the oil stove, and changed the water in the machine several times, to say nothing about pulling the clothes out of the machine and hanging them out on the line."

"Of course, from all of the pictures you have seen of this process, you will realize that all of his time mother has been arrayed in one of her best afternoon gowns."

All hail to this man who has driven the drudgery of work from the home.

Class Entertainment.
The Helping Hands Class of the Federated Church Sunday School gave a social at the home of Mrs. Ellen Briggs Saturday evening, Feb. 21, and invited the entire Sunday school, about forty being present. The chairman of the program committee was Mrs. Agnes Brock. There was a violin and piano duet by Mr. and Mrs. Harold McKee, a vocal duet by Myrtle Brock and Ethel Flavin, a reading by Mrs. Jennie Cummings and all sang America. The program had a touch of Washington all through it, being near his birthday. The games which followed included a hatchet hunt and a word contest from the letters contained in the word Washington. Ethel Flavin made out 46 words and there are more that could be made from it, but she had the most in the time allotted and received a box of chocolates for a prize. A treat of popcorn balls and apples was served. The president of the class, Mrs. Minnie Day, procured a team to convey the adults to and from. The young people walked. Two other classes in this Sunday school are organized, that of Mrs. Minnie Curtis, who teaches the third year Junior boys who have chosen for their class name "The Golden Rule," and Mrs. Anna White's class, third year Junior girls whose class name is "I'll try." Probably other class organizations will follow for there are eleven classes in all and upwards of sixty scholars in attendance.

All day meeting at the Grange this week, Saturday, and Pomona meets here next week, Tuesday, with F. H. Dudley, the secretary of the State Horticultural Society, to speak.

The town warrant is an unusually long one this year containing 51 articles. Among others is an article to see if the town will purchase a truck or tractor for work on the road, to see if the town will name the school athletic field "Day Athletic Field" in honor of J. M. Day, who has recently given another large piece of land to make the playground larger.

The Woodstock High School Alumni Association will hold an important business meeting in the Chamber of Commerce rooms, Friday evening.

The directors of the chamber of commerce did not meet Thursday evening because of the heavy storm.

The high school netted \$13.20 at their box supper Saturday evening.

Although defeated by the heavy alumni basketball team Saturday evening, the high school played its best game of the year. The score was 32 to 29. As a preliminary game the grammar school team defeated the high school second team in a scrappy contest. Great rivalry exists between these two teams as each has now one game in their series. The losers of the series are to give the winners a free ride so both teams will play their hardest to win the next game.

"A Word"

To Housekeepers!

The grocer is a friendly man—his business is a friendly business. He is of service to his neighbors, because he supplies their daily wants and does it well. The measure of his service is

Supplying the best—
at a fair price—
with maximum convenience to YOU.

Maximum convenience does not mean pushing a bundle into your arms for you to tug home.

Neither does it mean selling you an article "just as good."

When a grocer sells you an advertised trade-marked brand of goods, whether Canned Goods, Teas or Coffee, you are sure of QUALITY goods at a fair price; and when he delivers your goods into your home with a friendly word, instead of a demand for spot cash, he has given you all the service possible.

Advance Showing of Spring Models

There is a distinct satisfaction in being among the first to see the new modes as they appear at the beginning of the season.

More especially is this true of the Spring season when blizzard weather has become irksome and impatience for the warmth and brightness of the early Spring days seems to take possession of us.

There is an advantage too in being first to view the new, tailored Suits, Coats and Dresses, especially so here where such care is exercised in selections as will preclude the possibility of duplication.

It has often been noted that the very choicest of the new models are taken early and assurance is given that these early selections do not again appear during the whole season.

Some quite radical changes are noticeable, but they are most beautiful and will, we feel certain, be much admired.

The many shopping advantages which this store continually offers are sharply reflected in the large and splendid stocks of merchandise carried.

Not only a full and very complete representation of all that is new and attractive, but it will be seen that prices are lowest, quality considered.
